HIGHER CERTIFICATE IN PRE-SCHOOL EDUCATION (NQF 5)

The Higher Certificate in Pre-School Education is a formal qualification in early childhood development (ECD), which is the phase between birth and Grade R (0-5 years) where the child develops foundational cognitive abilities, attitudes and skills. ECD practitioners play a vital role in developing young children - it is their care and efforts that help little ones grow to their full potential.

This programme is right for you if:

- you want to work in an ECD centre; or
- you are already working in ECD but wish to achieve a qualification on the national qualifications framework (NQF).
